Back In Time helps clubs through the credit crunch.

The music industry is facing hard times at the moment. A combination of the credit crunch, higher living costs and the smoking ban, means less people are inclined to visit clubs these days. This results in less money for venues, and consequently less live music and entertainment.

Back In Time realise this, and have vowed not to increase our fees (as other bands have) even though it costs us more in fuel to travel to venues.

We strongly support the live music industry, and believe that bands and venues have to work together to keep live entertainment alive.

We have also benefited greatly over the past six months from our new drummer, Ray. With this new added dimension to our music, our shows are excellent value and we're the favourite band at many clubs and venues at which we play. This means bigger audiences, which is better for us, and better for clubs.

Back In Time are also pleased to announce two new venues for 2009. Tovil Working-Men's Club in Maidstone, and Crowborough Constitutional Club. We're looking forward to providing live music for them soon. See our gig list for dates.

Back In Time at the Trade Union Club, Eastbourne. 2008

Just a small part of our show...

- 8 Days A Week—The Beatles
- All Shook Up—Elvis
- Take It Easy—The Eagles
- Crazy Little Thing Called Love—Queen
- Surfin' USA—The Beach Boys
- Caroline—Status Quo
- Summer of 69—Bryan Adams

Carol George

Back In Time's lead singer.

Great Gig for Parachute Veterans!

Back In Time once again performed our Christmas show for the Hastings & St. Leonards Parachute Regiment Veterans.

The show was staged at the Hastings & St. Leonards Fishermen's Club and went down a storm, with many excellent comments about the band, and a special cabaret spot performed

by our lead singer, Carol.

The Parachute Veterans at Hastings Conquest Hospital.

The parachute regiment veterans continue

to work tirelessly for the community. Only last month, they were in action handing out gifts at Hastings Conquest Hospital, providing essential items which patients need.

Back In time are proud and honoured to support such a worthwhile cause.
